

About The Royal Boon Edam Group

With work environments becoming increasingly global and dynamic, the smart, safe entry has become the centre of activity in and around many buildings. Royal Boon Edam is a global market leader in reliable entry solutions. Headquartered in the Netherlands, with 140 years of experience in engineering quality, we have gained extensive expertise in managing the transit of people through office buildings, airports, healthcare facilities, hotels and many other types of buildings. We are focussed on providing an optimal, sustainable experience for our clients and their clients. By working together with our clients we help determine the exact requirements for the entry point.

EMS Mission Statement

Boon Edam Ltd is committed to providing entrance products in a manner that is beneficial to the environment.

Boon Edam Ltd is committed to ensure that our business should comply with all applicable environmental laws, regulations, industry best practice and statutory and other obligations.

Boon Edam Ltd's policy is to contribute to sustainable practices to the best extent possible whilst having regard to our customers, stakeholders, technical ability and economic considerations and by allocating the resources necessary to achieve this vision.

To achieve this we have in place an Environmental Management System, compliant with ISO14001:2015 that is continually reviewed for its suitability and for opportunities to improve the system itself as well as our products and services and ultimately our effect on the environment.

Boon Edam Ltd is a registered waste carrier, registration number CBDU211879 and recognise the value to the environment of everyone complying with the waste management hierarchy.

Responsibilities

Boon Edam Ltd's Senior Management are responsible for ensuring the effectiveness of the Environmental Management System and ensuring the environmental policy and objectives are compatible with the strategic direction of the company.

Protecting our Environment is the responsibility of us all, therefore all Boon Edam Ltd staff and subcontractors are required to comply with the requirements of the Boon Edam Ltd Environment policy.

Objectives

In order to meet our responsibilities and drive continual improvement, Boon Edam Ltd have the following environmental commitments:

- To protect the environment from any harm caused by our business operations.
- To promote the use of sustainable materials and methods.
- To control emissions and prevent pollution nuisance.
- To manage the production, re-use, re-cycling and disposal of waste.
- To raise employee awareness of environmental issues through training.
- To set objectives and targets and measuring and communicating performance.
- To communicate this policy to all employees and subcontractors.
- To strive to continually improve the EMS and our environmental performance

Review

This policy will be reviewed and updated on an annual basis and at other times when amendments are necessary.
